

Transport Rollator

The **ProBasics Transport Rollator** combines the features of a rollator with a transport chair all in one unit. An individual can ambulate independently or be pushed safely by a caregiver. Includes a comfortable padded backrest, attached padded push handle for easy caregiver operation, and flip-down footrests when used as a transport chair.

Large eight-inch casters, easy-to-operate ergonomic hand brakes, a water-resistant nylon pouch and a fold-strap for easy storage and transport come standard. Designed to meet all your patients' fundamental needs. Supports patient weights up to 250 pounds.

Flip-Down Foot Rests
and Water-Resistant Pouch

Easy-to-Operate
Ergonomic Hand Brakes

8-inch Wheels
