

INVACARE®
NUTRON® R51™
POWER WHEELCHAIR

For a highly maneuverable power chair in an attractive package, look no further than the **Invacare® Nutron® R51™ and R51™LXP Power Wheelchairs**. Each of these models feature a rear-wheel drive wheelbase, enabling them to easily navigate obstacles inside and outside the home. Each chair folds for easy transport when the consumer's active lifestyle takes him or her on the road. The LXP package increases the motor output to 650 watts for a higher maximum speed and a weight capacity of 300 lb.

Features

Traditional rear-wheel drive and compact size provide excellent maneuverability and accessibility

Oversize, high-strength tubular frame with bold styling

Seat-to-floor heights as low as 17.75" permit easier transfers

Reinforced crossbrace design folds to 13° for transport

Back angle and height adjust for maximum comfort and support

Telescoping front riggings allow optimal foot placement

Flat-free wheel inserts mean worry-free operation

Powerful 350 or 650-watt, high-torque motors ensure dependable performance

Regenerative braking and automatic motor locks for smooth stopping

HCPCS Code: K0822
